

O30060

## Oil Transfer Kit with Meter &amp; Trolley

September 2019

**The Alemlube EL Series O30060 Oil Transfer Kit with Meter & Trolley is ideal for dispensing oil with a maximum viscosity of SAE130 anywhere, any time.**

Representing excellent value for money, the Alemlube EL Series O30060 gives you the opportunity to upgrade from standard hand operated oil drum pumps to a pneumatic solution.

Supplied complete with a 3:1 ratio pump, the O30060 is suitable for use with 205L oil drums to perform intermittent or seasonal work complete with the versatility of mobility.

The electronic meter with its ergonomic grip is easy to operate and features a lock on device for your convenience.

Smart design with fewer working parts effectively facilitates a lower cost of ownership.

Manufactured with efficiency and reliability in mind, the O30060 Oil Transfer Kit with Digital Meter & Trolley is well designed, affordable and is supported by readily available spare parts and our own factory trained technicians available to provide after sales service support.

The O30060 is ideal for small to medium size workshops moving low to medium volumes of oil daily.

**SPECIFICATIONS, FEATURES AND BENEFITS**

- 3:1 ratio air operated oil pump
- Capable of delivery rates of up to 10L/min
- Maximum oil viscosity of SAE130
- 5 digit liquid crystal display with low battery indicator
- Meter powered by an easily replaceable 3V CR2 battery
- Reliable oil control valve with meter
- Pump suction tube length of 940mm
- Affordable and robust alternative to hand operated oil pumps
- Easy to manoeuvre industrial strength trolley
- Air consumption of 3.6cfm at 150psi
- Noise level of 82dB
- Low cost of ownership
- Spare parts readily available
