RTSTD0617	Ravaglioli Trade Show Tablet Display	1

PULSARLUBE SINGLE POINT AND MULTI POINT GREASE LUBRICATOR COUNTER DISPLAYS

The Pulsarlube Single and Multi Point Grease Lubricator Counter display units provide an informative and concise means of marketing the features and benefits of these versatile lubricators, right at your sales counter.

Requiring very little space, each unit displays the actual product allowing the customer to accurately gauge the size and potential applications of the grease lubricators and to be aware of their functions, features and full specifications.
