

## PRODUCT INFORMATION

February 2013

# ST1-100C / ST1-60C / ST1-30C

## Spill Trays

Alemlube's spill trays have been specifically designed to assist in the safe and clean handling and transfer of liquids in a variety of containers and to effectively capture any spills.

Available in 100L, 60L and 30L capacities the spill trays are manufactured from 100% recyclable polyethylene and can be used with or without the non-slip surface platform supplied as standard.

Convenient in size for use on a workbench (ST1-60C/ST1-30C), or on the workshop floor, Alemlube spill trays are stackable for easy transportation and storage.

Alemlube's spill containment range assists in addressing OH&S concerns and helps to create a safer more functional workplace.

ST1-100C

ST1-30C
