

HR40000

EL Series Air and Water Hose Reels

The Alemlube EL Series HR40000 air and water hose reels are quality hose handling, retrieval and storage systems with highly flexible and durable PVC hoses, crimped hose ends, integral carry handles and detachable mounting brackets enabling 180° hose reel rotation. Manufactured with high density impact resistant and UV stabilised polypropylene covers, the EL HR40000 series feature a positive latching system that automatically locks the hose at the desired length and the heavy duty internal spring assembly easily retrieves the hose when partially or fully extended.

Suitable for use in the agricultural, automotive, manufacturing, contractor and transport sectors, the EL Series HR40000 series air and water hose reels are ideal to use with drills, impact wrenches, angle grinders, ratchets, tyre gauges and water. (Model dependant).

Mountable on the wall or ceiling, the EL HR40000 series features a constant speed control device ensuring safe and accurate rewinding.

PRODUCT SPECIFICATIONS, FEATURES AND BENEFITS

- High quality impact and UV resistant polypropylene covers
- Increase safety by reducing rewind speed by up to 80%
- High flow swivel and fluid path
- Max. Working pressure of 300psi (20bar)
- 0° to +60°C hose working temperature
- Automatic and positive latching system
- Hose guide system rewinds the hose without kinks
- Constant speed control device ensures safe and accurate rewinding
- Detachable steel mounting bracket enables 180° hose reel rotation
- Convenient carry handle facilitates portable use
- Can be wall or ceiling mounted
- Lightweight, compact and durable construction
