## 450g Trigger Action Grease Gun & Cartridge Kit

October 2020

**The Alemlube EL Series G10010NP 450g Trigger Action Grease Gun & Cartridge Kit is an exceptional value for money greasing companion for on demand greasing any time, anywhere.**

A must for any busy workshop or on-site trade, the Alemlube EL Series G10010NP kit consists of a G10010N trigger action gun and 450g Alemlube grease cartridge securely contained in a robust and convenient carry case.

The ergonomic design of the trigger action can achieve delivery rates of up to 1.15g of grease per stroke at pressures of up to 4,000psi (276bar).

Ideal for seasonal or intermittent use, the EL Series G10010N is supplied standard with a 30cm flexible extension and a heavy duty 4 jaw coupler for those difficult to get at lubrication points and has a 500g capacity when loaded from a bulk grease drum.
