AA40CF2P

Alemlube Automotive 2 Post Clear Floor 4t Hoist

July 2022

The new AA40CF2P clear-floor 2 post 4t hoist allows for quick and easy under vehicle service operations. With fast lifting and lowering times this popular 2 post clear floor hoist design is ideal for both large or small automotive workshops.

Large diameter lifting pads comfortably accommodate both large and small vehicles together with a maximum lifting height of 1,800mm and minimum lowered height of 100mm.

The AA40CF2P clear-floor 2 post 4t hoist uses standard economical 415 volt (3 phase) power with an optional 240 volt (single phase) power pack available. An optional 1 metre height extension kit is also available.

Electric safety locks ensure operator protection and an aluminium motor provides improved cooling capacity during high work demands and low voltage controls provide additional operator safety.

Quality components throughout, compliant with Australian standards and manufactured to European CE Standards.

SPECIFICATIONS, FEATURES AND BENEFITS

- Standard height clearance of 3,900mm
- High lifting capacity of 4t
- Fast lifting time of 60 seconds
- Fast lowering time between 18 to 40 seconds
