

660AS

## Underground Coal Mine Trigger Action Grease Gun

June 2019

**The 660AS Underground Coal Mine Trigger Action Grease Gun is manufactured from steel and zinc alloy and with no external aluminium complies with Australian coal mining standards.**

Capable of generating grease pressures of up to 8,500psi (586bar) and delivering up to 1.1cc of grease per stroke, the 660AS features the Twin Lock System that eliminates the possibility of dummy lubrication and the patented Ever-Flow System enabling it to handle thick/tacky grease.

Reliable, dependable and genuinely heavy duty the 660AS carries the benefits of one hand operation, a four jaw coupler and a 30cm flexible extension.

Always the grease gun of choice, the 660AS Underground Coal Mine Trigger Action Grease Gun boasts a 4 year warranty and is guaranteed to perform and exceed your expectations.
