

ALEMLUBE APPLICATION POSTERS x 24

Alemlube

Fast Mobile Refuelling

The modern solution for on-demand mobile plant and equipment refuelling

Alemlube

Effective Greasing

High volume, high pressure option results in quick and easy greasing

Alemlube

Effortless All Day Greasing

Reliable delivery of high density, tacky greases up to NLGI2

Alemlube

Reliable Oil Metering

Perfect for the metering of low viscosity lubricants

Alemlube

Safe & Effortless Hose Management

Hose assembly advances with longer lasting more flexible hoses

Alemlube

Hose Storage Made Easy

Hybrid polymer hose is more flexible, easier to handle and longer lasting

Alemlube

Efficient Tyre Changers

Ravaglioli tyre changing equipment keeping productivity and profits on track

Alemlube

Accurate Wheel Alignment

Consistently producing highly accurate results for productivity and customer satisfaction

Alemlube

Dependable Wheel Balancing

Ravaglioli wheel balancing equipment... a hard act to follow

Alemlube

Premium Workshop Hoists

Ravaglioli passenger vehicle hoists... raising workshop standards

Alemlube

Complete Workshop Fitouts

Professional automotive workshop fitouts design, equipment supply, installation & commissioning

Alemlube

Commercial Vehicle Workshop Hoists

Safe, reliable and durable Ravaglioli commercial vehicle workshop hoists are built and tested to the highest standards

Alemlube

Oval Gear Flow Metering

Oval Gear Flow Meters provide precise volumetric flow measurement of clean fuels and lubricants

Alemlube

Plant Maintenance Solutions

Beka-Max Auto Lube Systems result in less down time more productivity and bigger profits

Alemlube

Lubricating All Day Everyday & Night

Less down time, more productivity on the road

Alemlube

Fixed Plant Lubrication Systems

Fully monitored, the Beka-Max automatic lube system is perfect for industrial fixed plant applications

Alemlube

Easy Oil Transfer & Metering

Clean & efficient oil transfer made easy

Alemlube

Safety First Spill Containment

Solid construction, secure and easy to maintain, compatible with most forklifts and pallet trucks

Alemlube

Heavy Duty Oil Transfer

High performance 20L gear oil drum pump delivers 170mL on the down stroke with less effort

Alemlube

Illuminating

Ideal rechargeable light source for industrial plants, workshops, mines sites and more

Alemlube

High Volume Diesel Refuelling

Diesel fuel drum pump designed for the mining and contract sectors with flow rates of up to 85 L/min

Alemlube

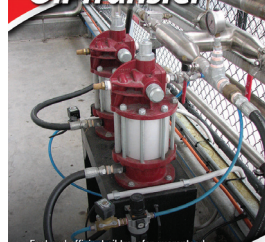

Accurate Flow Metering

Precision fluid dispensing control with batch and total readouts

Alemlube

Heavy Duty Oil Transfer

Fast and efficient oil transfer guaranteed

Alemlube

Effective Greasing

Innovative lithium-ion technology dispenses up to twenty four 450g cartridges before recharging is required

Alemlube
