

## AP1220

## EL Series Air Hose Reel - 20m x 12mm ID

January 2023

**The EL Series AP1220 Air Hose Reel is supplied with 20m x 12mm ID PU hose provides a quality hose handling, retrieval and storage solution for every day use in workshops, factories and production facilities when value for money and reliability are your primary purchasing decisions.**

Manufactured with high quality impact resistant and UV stabilised polypropylene covers, the EL Series AP1220 Air Hose Reel features a positive latching system that automatically locks the hose at the desired length and can be mounted, wall or ceiling according to specific site or production needs.

A detachable mounting bracket assists in re-locating the air hose reel when required and the internal spring assembly easily retrieves the hose when partially or fully extended.

The EL Series AP1220 spring rewind air hose reel available from Alemlube will provide you with a dependable & cost effective means of storing and retrieving hose assemblies and is ideal for use with drills, impact wrenches, angle grinders, ratchets and tyre gauges.
