# 51814

## High Pressure Washdown Gun

The Alemlube 51814 High Pressure Washdown Gun is heavy duty, robust and has been specifically designed and manufactured for fast and effective washdown activities in a range of markets including food processing, the beverage industry, meat and fish industries, agriculture & dairy industries, abattoirs, hospitality and marine industries.

The main construction materials are brass (body) with a stainless steel handle and VMQ rubber casing for impact protection, durability and insulation against heat.

Total control by the user is the key benefit of the 51814 High Pressure Washdown Gun. The water pattern is adjustable from a fine spray to a concentrated jet and the water volume is adjustable simply by turning a finger screw on the rear of the gun. Releasing the trigger automatically shuts off the flow of water.

The Alemlube 51814 High Pressure Washdown Gun is your ideal solution for floor, wall, commercial kitchen, driveway, forecourt and storage area washdown applications in industry, business, workshops and around residential premises.

### PRODUCT SPECIFICATIONS, FEATURES AND BENEFITS

Heavy duty brass and stainless steel construction

Stainless steel shaft with two FKM O'rings

Impact protecting rubber casing

Rubber handgrip for heat insulation

Working pressure of up to 233psi (16bar)

Maximum pressure of up to 350psi (24bar)

Working temp -10°C to +80°C

1/2" BSP(f) thread

Adjustable water pattern from fine spray to concentrated jet

Easily adjusted water volume

### Suitable to combine with Alemlube hot water hose reels:

#### HR30070

Hot Water Hose Reel c/w 20m x 10mm ID hybrid polymer hose

#### HR30080 Hot Water Hose Reel

Hot Water Hose Reel c/w 15m x 12mm ID hybrid polymer hose

#### HR30090 Hot Water Hose Reel

Hot Water Hose Reel c/w 15m x 12mm ID hybrid polymer hose
