670AN5-SKIN

20V Lithium-ion Cordless Grease Gun Skin Only

The new 670AN5-SKIN 20V Lithium-ion cordless grease gun skin available from Alemlube is an extremely innovative grease gun with built in intelligence.

When teamed with a powerful 4.0Ah battery, the 670AN5-SKIN can dispense up to 35 x 450g cartridges at low speed or 31 x 450g cartridges at high speed per charge. As such, it's a must for any busy maintenance facility.

It's smart too. An LCD shows real time battery capacity, grease level, grease metering information, loss of priming and stall warning with the press of a button to assist the user in always being prepared to have a fully operational grease gun at hand to be active on the job.

Designed and engineered by Alemite USA, the 670AN5-SKIN is capable of developing a maximum operating pressure of 10,000psi (690 bar) facilitating fast, efficient greasing and offers dual flow rates, high at 170 g/min, low at 113 g/min.

Lightweight and ergonomic, the 670AN5-SKIN is supplied complete with a 900mm long grease gun flex, a heavy duty coupler and has the versatility of three way loading, 450g cartridge, bulk grease or filler pump.

Batteries and battery chargers to suit the 670AN5-SKIN are also available to purchase separately.

The 670AN5-SKIN 20V Lithium-ion cordless grease gun is durable, reliable and provides you with an intelligent, trouble-free high pressure, high volume greasing solution for everyday use.

PRODUCT SPECIFICATIONS, FEATURES AND BENEFITS

Delivery rates of up to 170 g/min

Grease pressure of up to 10,000psi (690bar)

Suitable for use with NLGI1 and NLGI2 greases

Up to 35/31 cartridges per battery charge, low speed/high speed

Built in Intelligence

LCD for real time battery capacity, grease level and grease metering

Loss of priming and stall warning indication

Dual flow rates : 113 g/min and up to 170 g/min

Three way loading: 450g cartridge, bulk grease or filler pump

LED light with on/off control

Ball and needle bearings

Curved slot yoke optimises mechanical efficiency

Case hardened piston for wear and bend resistance

Impact resistant LCD lens surrounded by impact absorbing bezel

Patented air flow management optimises motor and transmission life

Shape, weight and balance designed for less physical strain

Battery and charger available separately
