

200A

Lever Action Grease Gun

December 2021 Update

The 200A Lever Action Grease Gun manufactured in Germany, is a cost effective alternative for intermittent, periodic and specialised greasing, in particular when using more expensive grease typically used for lubricating food grade equipment and for critical grease points.

Featuring an ergonomic lightweight aluminium die-cast head assembly, unique Ever-Flow System enabling the use of thick/tacky greases even at low temperatures and unique Twin Lock System, the German engineered & manufactured 200A Lever Action Grease Gun is a dependable and proven performer.

The 200A is also suitable for use with both 400g cartridges, filler pump and bulk grease.

Use safety goggles and gloves when operating this grease gun to avoid personal injury.

General warning:

Do not use a high pressure grease fitting as a loader fitting. Excessive pressure can cause personal injury and damage to your valuable equipment.

SPECIFICATIONS, FEATURES AND BENEFITS
