42100

100L Low Level Mobile Waste Oil Drainer

The 42100 Low Level Mobile Waste Oil Drainer with its holding capacity of 100 litres is the ideal and most convenient waste oil drainer for use in busy truck and bus workshops.

Easily moved around the workshop from one large vehicle to the next, the 42100 also helps to minimise oil spills and maintain a clean, safe and OH&S compliant workplace.

The 42100 has been specifically designed and manufactured with internal baffles to control the waste oil collected and to avoid oil spillage when mobile. The 860mm long handle and swivelling front wheels provide the user with accurate and precise control. Easily emptied and cleaned, the 42100 low level waste oil drainer from Alemlube is the answer for safe waste oil handling and a must for every workshop.
